

# HLA Measurement

Patient Name: \_\_\_\_\_

Date: \_\_\_\_\_

Completed by (staff member): \_\_\_\_\_

**Instructions:** Give the patient a copy of HLA Word List. Say, "I want to hear you read and define as many words as you can from the list." Staff member should check off below if pronunciation is correct and if patient understands what the word means. If the patient takes more than 5 seconds on a word or definition, say "skip" and point to the next word to move the patient along. If the patient begins to miss every word, have him/her pronounce and define only known words and terms. At the end of the assessment, give the patient a copy of the HLA Word Definitions and review the words and terms together if necessary.
